Sophie brings enthusiasm and a hard-working attitude into her role as Administration Apprentice.

Supporting our Cambridge-based Building Surveying Team, Sophie assists the Surveyors with their dictation needs, as well as helping to write-up reports and file expenses.

A reliable port of call for the team's Surveyors, she helps to keep the team organised and efficient. She enjoys the variety of work associated with her role and is always keen to get stuck in and complete tasks to the best of her ability.

Sophie is currently undertaking an Administration and Business Apprenticeship alongside her work at Bidwells.
