## LOCATION

Lightning Park is prominently located in an established commercial area of Huntingdon, just off the A1M and new A14, located 1 mile North West of Huntingdon Town Centre.

Huntingdon has an expanding population of approximately 24,000 and is 60 miles from London, 16 miles north-west of Cambridge and 19 miles south of Peterborough. The recently upgraded A14 by-passes Huntingdon and provides good access to A1, M11, M1 and M6. There is also a direct rail link to London Kings Cross. Nearby is Alconbury Weald which will eventually provide 5,000 new homes, leisure facilities and employment. The site is in an established location, with the new fire training centre agreed close by.

# TREBOR DEVELOPMENTS

We've been paving the way for commercial properties for over a decade. Delivering units from 10,000 sq ft to 1,000,000 sq ft, we made our name implementing straightforward development processes that put sustainable building practices ahead of profits.

Founded in 2008, Trebor Developments is today a market leader in industrial development. Through our work with occupiers, agents and financial institutions, we've fulfilled the vision of countless businesses and earned a reputation for intelligent delivery.

Along the way, we've stuck to our belief that development should always be strategic. That's why your business objectives are the starting point we refer to when approaching any project. The same is true of the spaces we build to let. Everything is managed so that all stakeholders feel represented by the final outcome.

Most importantly, we have skin in the game. We're a private, owner-managed organisation with no PLC or string of shareholders to report to. Decisions are made quickly and we apply a more hands-on approach in order to make your business, our business.
