

# Andy Fewings

LLB (Hons)

Partner, Energy and Renewables

Telephone number

[andy.fewings@bidwells.co.uk](mailto:andy.fewings@bidwells.co.uk)

**Driven to tackle the climate crisis, Andy is passionate about the transition to net zero across the fast-moving renewables sector.**

Working primarily with landowners and developers across England and Wales, Andy works on a range of utility scale projects spanning onshore wind, solar, battery energy storage solutions, ancillary grid services and hydrogen. With so much opportunity for renewables, clients are seeking experienced professionals with a track record in the sector.

**“Andy is a highly competent and expert. The advice that he provides to complex challenges is logical and practical. As a Project Manager, his advice whilst working together was invaluable and helped de-risk key elements of prospective developments”**

Scott Vallance, Senior Project Manager, Statkraft
